Have your PICTURE made with the KING!

Rumor has it that ELVIS went to meet his maker on August 16, 1977....well some folks don't think so. If you think ELVIS is alive and well and out there somewhere preparing for his come-back tour, (or not) stop in and have your picture made with the king of rock and roll. ELVIS will be 'in the building' for **ONE WEEK** only! In honor of his presence, we will feature **ELVIS' SANDWICH ice Cream** for the entire week, and don't be surprised to hear ELVIS singing at Frosty Frog Creamery....(he has to practice somewhere!) **August 15 – 20**

## BLUEBERRY CHICKEN SALAD

Here's a delicious summer salad:

- 1 breast of chicken, grilled and sliced
- Mixed salad greens, rinsed
- 1/2 cup blueberries
- 2-3 slices of red onion
- Creamy poppy seed dressing or
- Blue cheese dressing, to taste

Put the greens in a salad bowl, top  
With chicken, blueberries, and red  
onion slices. Drizzle with salad dressing.

## Washing Fruits and Veggies

Most of us know that it's important to wash fresh fruits and vegetables before cooking or eating them, but did you know that you need to wash the sink as well? According to the Texas Cooperative Extension of Texas A&M University, you can't have clean vegetables without a clean sink. They recommend washing the sink with hot, soapy water, rinsing it, and then pouring a solution containing one teaspoon of chlorine bleach in one quart of water into the sink. Another solution: use a clean colander to hold produce under running water. Scrub fruits and vegetables with firm skins with a clean vegetable brush, even if you plan to peel them.

## When life gives you lemons...

There may be lemonade stands dotting your neighborhood, or you might have your own special recipe for the summertime favorite that you share with only a few close friends.

Lemonade's refreshing flavor is enjoyed worldwide. The easiest preparation method combines lemon, water, and sugar.

Lemons are said to have been first found in North India, China and Burma, and were introduced in Persia, Arab countries, Iraq and Egypt in around 700 AD. Lemon was the main ingredient of various dishes, and lemonade would have been introduced in a country where lemons were found. However, the first written evidence of the existence of lemonade is found in Egyptian writings. It is said that the peasants in Egypt drank a wine made from lemon, dates, and honey. Some believe that lemonade was introduced in France during the 16th century.

Today, one can find different types of ready-made lemonade drinks in the market. There are three basic types of lemonade namely clear, cloudy and fizzy lemonade. Clear lemonade is made in carbonated soda or in plain water without adding sugar. This used to be a popular beverage in the European countries, however, in recent times; sweet versions of lemonade are also available. Cloudy lemonade is a traditional drink made with plain water, lemons, and sugar and is mostly found in India, USA, and Canada. Fizzy lemonade is made of soda, using either natural or artificial lemon flavor.

## It's National SMILE week! August 7-13

Do whatever you can to keep a smile on your face ALL WEEK LONG! A smile is contagious, so much so in fact others will begin smiling just by wondering what YOU are smiling about! Try it! Tell a joke, tickle someone, just have some fun and smile!

We will be doing our part to keep you smiling so if you need some inspiration, stop in, enjoy a treat and *SMILE!*

## Keep employees *motivated* when work is boring

Some jobs are boring. That makes managing the people who do them a challenge, especially when those employees grew up with constant entertainment from TV and the Internet. How do you keep them engaged and motivated when they're counting the hours until they get to go home and do something *fun*?

- **Be honest.** Acknowledge up front that the work isn't very exciting, but explain why it's important. Don't just focus on the company's profits. Emphasize how their work helps other people—co-workers, customers, and so forth.
- **Give them goals.** Sometimes a target can make work more interesting. Challenge employees in different ways: To greet the most customers, assemble the most widgets; count the inventory more accurately, etc. Offer a small reward to make the game more enticing.
- **Look to the future.** Employees are more likely to stick with a job, even a boring one, if they see the possibility of moving into something better. Describe potential career paths, and tell your people what they need to do in order to move up.
- **Ask for feedback.** Encourage employees to suggest ideas for making their work more interesting or productive. Implementing their ideas will show that you value their opinions and take them seriously. They'll also be more invested in making their own suggestions succeed.

# Laughter is the BEST Medicine

## Where did the U.S. go wrong?

The old Sioux chief sat in his reservation hut, smoking the ceremonial pipe, eyeing the two US government officials sent to interview him.

"Chief Two Eagles," one official began, "you have observed the white man for many generations, you have seen his wars and his products, you have seen all his progress, and all his problems."

The chief nodded. The official continued, "Considering recent events in New York, in your opinion, where has the white man gone wrong?"

The chief stared at the government officials and continued smoking his pipe for over a minute, and then calmly replied: "When white man found this land, Indians were running it. No taxes. No debt. No house payments. No Daycare. Plenty buffalo. Women did all the cooking. Medicine-man free. Indian men hunted and fished all the time."

The chief smiled, and added quietly, "White man dumb enough to think he could improve a system like that."
