Volume 3, Issue 11 – November 2009

Welcome!

to Frosty Frog Creamery & Café's **Royalty Rewards V.I.P. Club** and the **Hickory Flat Times Newsletter!**

We did a ton of things for fun during October, and we hope that you enjoyed them! We showed the first seasons of **The Andy Griffith Show**, and **I Love Lucy** to rave reviews (we will be doing more of this in the near future with other old favorites); 'HOPPY HOUR' returned, and is still going on; the early bird special for the morning commuters and coffee drinkers; plus, we began making and serving **FRESH FUDGE**; and much more!

November is here...time sure does fly! Football season is in full swing and basketball season is starting. Plenty of activities for the young and the young at heart! It will soon be Thanksgiving, and time for families to gather. Whether you are planning to be at home or traveling to the home of a relative, we wish you happiness and remember that one of the many blessings we at Frosty Frog Creamery are truly thankful for is you, our friends and guests.

Our bakery staff is anxiously awaiting your cake, pie, and pastry orders for the holiday season, and we encourage you to order early to avoid any last minute disappointments! We will be cutting off orders for Thanksgiving on Saturday November 21st, and for Christmas on Saturday December 19th.

Family fun with a **BULLFROG SUNDAE!** It must not get any better than this, because this family enjoyed two of these delightful treats on the same day! That is a new record! Three generations of ice cream lovers! (Dan Abel & Family)

Princess Parties are FUN! Ask any of the lovely little princesses in this picture and they will tell you that they had a wonderful time at Rachel Love's birthday party.

Our special events room is available for events, parties, meetings, church or club functions, and almost anything else. Talk to a member of our staff to see if the date you need for your event is available! We would love to make your event memorable, and let you leave the work to us so you can enjoy **YOUR** event!

As always, we want to know what **YOU** our terrific guests and friends have to say about everything that we do...If you have comments you can tell us directly, email us: frostyfrog@frostyfrogcreamery.com, or go to our website, and enter your comment in the 'Frog Blog'; or respond to our Royalty Rewards surveys. Thank you for allowing us to serve **YOU!**

Sunday LUNCH at Frosty Frog Creamery & Café!

OK, you have finally gotten through to us!

We have been asked so many times to open on Sunday for lunch that we are going to relent for a **TRIAL PERIOD** and open on **Sunday at 11:00 am and close at 3:00 pm** to serve lunch (and anything else on our menu)!

We will begin **SUNDAY November 1st at 11:00am!** We will be open and ready to serve you immediately following your church services!

PLUS, since this is a TRIAL, we will offer an **EVERY SUNDAY SPECIAL** – KIDS eat for ½ price! Every Kid's meal will be priced at \$2.00 (normally priced at \$3.99).

We will only be able to do this as long as it is economically viable, so if you **REALLY** want us to be open for you, tell your friends, relatives, neighbors, and everyone else that you come in contact with that their patronage of Frosty Frog Creamery & Café on **SUNDAY** will be doing **YOU** a personal favor!

We will not be changing our menu for Sunday lunches in the beginning, however, if things go well, we are doing some planning for some additional items that we know you will enjoy! We will only roll out these menu additions after we are convinced that Sunday lunches are the right thing for us to do!

Since I have a difficult time remembering change, I have included a coupon for you to print and put on your refrigerator, in your car, where ever it will remind you that beginning on **SUNDAY November 1st** you want to go to Frosty Frog Creamery & Café for **LUNCH!**

We look forward to seeing you!

Come in for LUNCH on Sunday, and enter to win \$50.00 in Frosty Frog Creamery & Café Gift Certificates!

How November Got its Name

November got its name from the Latin "novembris mensis," meaning "ninth month." Plutarch, a first-century Greek biographer and historian, attributed the change to the eleventh month to Numa Pompilius, a Roman king. "Many will say that it was Numa who added the two months of Januarius and Februarius, for in the beginning they had a year of ten months." Numa supposedly also shortened November to 29 days; Julius Caesar returned it to 30 days.

Thanks for the kind words!

"I took three friends to lunch as a thank you for helping with a shower for my daughter. The food and service was wonderful as usual. By the way, I love getting the coupons in email... have used the afternoon ones to introduce my four grandsons (who just moved here) to your ice cream. We watched some of the I Love Lucy shows while we snacked. They have never seen those shows and just laughed and laughed. Thanks for being a place where we can bring any one, any age, to enjoy your shop." - *Cindy Bare, Canton.*

TALKING TURKEY

Turkey is the main course at Thanksgiving meals in 90 percent of U.S. households. The average weight of the bird when purchased is 15 pounds; the largest turkey raised so far was 86 pounds. But the biggest turkey feather-bearing fowl is *Sesame Street's* Big Bird, cloaked in about 4,000 large feathers all originating from 45-pound turkeys.

Where has the time gone?

After Thanksgiving comes Christmas ... next thing you know it will be New Year's Eve!

It's hard to imagine that its time to start prepping for those holiday parties. We have even started to get calls from guests who want to book their holiday parties! It just goes to show you that the early bird gets the worm or in this case, the reservation.

As time goes by we will be booking up fast, so it is wise to be that early bird and book your holiday party at Frosty Frog Creamery & Café NOW.

**Cell phones dangerous?
Watch for these symptoms**

Doctors are calling it "cubital tunnel syndrome," but it's more commonly known as "cell phone elbow," and experts say it's the second most common nerve compression syndrome in the upper extremities after carpal tunnel syndrome.

Symptoms include tingling, burning, aching, or numbness in the lower half of the arm (the ulnar forearm—the region between elbow and wrist facing away from the body when you bend the arm to touch your shoulder).

The symptoms usually arise after prolonged cell phone use. The easiest way to get rid of it? Switch your cell phone to the other hand, or use a hands-free set. You could also just hang up.

Short-Term Stress May Be Good for You

Medical experts have been saying for years that chronic stress can damage your health. A new study, though, by researchers at Ohio State University indicates that short-term stress can actually boost the immune system. The study, in mice, suggests that intense stress, lasting no more than a few hours, encourages the immune cells to protect the body from such threats as bacteria or viruses. And the immune response remains strong for several weeks to several months after the stressful incident. So maybe taking an exam or having a fender-bender may actually improve your health.

Bedside Manner...

Susie's husband had been slipping in and out of consciousness, and things looked grim, but she was by his bedside every single day. One day as he slipped back into consciousness, he motioned for her to come close to him. She pulled a chair close to the bed and leaned her ear close to be able to hear him.

"You know", he whispered, his eyes filling with tears, "you have been with me through all the bad times. When I got fired, you stuck with me, when my business went under, there you were. When we lost the house, you were there. When I got shot, you stuck with me. When my health started failing, you were still by my side. And you know what?"

"What dear?" she asked gently, smiling to herself.

"I think you're bad luck!"

Great things are not done by impulse but by a series of small things brought together.
— Vincent Van Gogh
